Response to Restriction begins on *page 2* of this paper.

Serial No. 09/935,255

Response Restriction Requirement

Response to Restriction Requirement

In response to the Examiner's action, Applicant again elects **Group I** — Claims 1-27, 73-85, and 97-112, and the following species identified by the Examiner, with traverse based on Applicant's earlier presented comments:

IA-5: Specific partial pressure (i.e., 10^{-2} or less)

IB-5: Remote microwave plasma source

IC-1: Polysilicon

ID-1: Silicon dioxide

IE-5: SiH_4 IF-1: N_2

Applicant hereby amends the listing of claims readable on the elected species as follows: Claims 1-11, 14, 16-23, 25-26, 73-76, 80-85, 97-99, 103-107, 109-110, 112.

Applicant also amends the listing of the generic claims as follows: Claims 1, 8, 73.

Applicant notes that the election of species is solely to facilitate an examination search, and that Applicant will be entitled to consideration of claims to additional species upon allowance of a generic claim. It is understood that if the claims of the elected species are found allowable over the prior art, the Examiner will expand the search to include other species.

Extension of Term. The proceedings herein are for a patent application and the provisions of 37 CFR § 1.136 apply. Applicant believes that no extension of term is required. However, this conditional petition is being made to provide for the possibility that Applicant has inadvertently overlooked the need for a petition for extension of time. If any extension and/or fee are required, please charge Account No. 23-2053.

The Examiner is urged to telephone the undersigned Attorney if any questions should arise or further discussion would expedite the examination of the application.

Respectfully submitted,

Kristine M. Strodthoff, Reg. No. 34,259
